LISTING RULES IMPLICATIONS

As Jiaxing Futing is a company indirectly wholly-owned by Mr. Chin, a substantial shareholder and executive Director of the Company, Jiaxing Futing is a connected person of the Company under Chapter 14A of the Listing Rules. Accordingly, the transactions between the Group and Jiaxing Futing contemplated under the Framework Agreement constitute continuing connected transactions of the Company under Chapter 14A of the Listing Rules.

As one or more of the applicable percentage ratios calculated based on the annual caps under the Framework Agreement is more than 0.1% but less than 5%, the transactions under the Framework Agreement are subject to the reporting, announcement and annual review requirements, but are exempted from the circular, independent financial advice and shareholders' approval requirements under Chapter 14A of the Listing Rules.

The Board is pleased to announce that, on 28 December 2017, the Company entered into the Framework Agreement with Jiaxing Futing, pursuant to which Jiaxing Futing agrees to sell the Products to the Group for a term of three years.

FRAMEWORK AGREEMENT

Set out below is a summary of the principal terms of the Framework Agreement:

Date

28 December 2017

Parties

- (1) the Company
- (2) Jiaxing Futing

Term

The term of the Framework Agreement is three years commencing from 28 December 2017 to 27 December 2020.

Subject matter

Pursuant to the Framework Agreement, Jiaxing Futing agrees to sell the Products to the Group for a term of three years. The Products include finished or semi-finished moulds and related equipment and auxiliary materials, which are required by the Group to facilitate its daily operation and production.

As and when the Group confirms its orders for the products, individual agreements will be entered into in the ordinary and usual course of business and on normal commercial terms. Specific payment arrangements will also be provided in the individual agreements, with usual practice of 30% payable as prepayment after signing the individual agreements, a further 60% payable in stages after delivery, inspection and acceptance of the Products, and the remaining 10% payable after quality guarantee period.

Pricing

The prices to be charged by Jiaxing Futing for the Products under the individual agreements will be determined taking into account all relevant commercial factors and with reference to the condition of the same or similar markets at the time of signing the individual agreements (including the price charged by independent third party suppliers selling similar products in their ordinary course of business and subject to normal commercial terms).

In respect of the sale and purchase transaction of the Products under each individual agreement, the Company will also consider the proposals from Jiaxing Futing and at least two other independent third party suppliers and will assess their respective sales

terms including the technical solutions involved, corresponding fee quotations and manufacturing duration. The price shall be determined in accordance with the principle of fairness and reasonableness.

Proposed Annual Caps

The proposed annual caps under the Framework Agreement for each of the three years ending 31 December 2018, 2019 and 2020 are RMB200,000,000 (equivalent to approximately HK\$238,860,000), RMB200,000,000 (equivalent to approximately HK\$238,860,000) and RMB200,000,000 (equivalent to approximately HK\$238,860,000), respectively.

The Board determined the above annual caps after taking into account of (i) the Group's historical purchase volume of similar products from other suppliers for the purpose of producing corresponding products for its customers; (ii) the estimated number of sales projects of the Group in the coming three years; and (iii) the prevailing market price of the Products as quoted from independent third parties.

REASONS FOR AND BENEFITS OF THE FRAMEWORK AGREEMENT

The Company entered into the Framework Agreement in consideration of the expected demand of the Group for the Products in the coming three years. The entering into of the Framework Agreement ensures that there will be a stable supply of quality moulds and related equipment and auxiliary materials to facilitate the daily operation and production of the Group.

Having taken into account the above reasons and benefits, the Directors (including the independent non-executive Directors and excluding the Directors who are required to abstain from voting) consider that the Framework Agreement is entered into on normal commercial terms, in the ordinary and usual course of business of the Group and in the interests of the Company and its shareholders as a whole, and the terms of the Framework Agreement are fair and reasonable.

Save for Mr. Chin (who is an executive Director and controlling shareholder of the Company) and Ms. Chin Chien Ya (who is the daughter of Mr. Chin and also an executive Director), none of the Directors has a material interest in the Framework Agreement and the transactions contemplated thereunder. Accordingly, none of the other Directors is required to abstain from voting on the relevant Board resolutions to approve the Framework Agreement and the transactions contemplated thereunder (including the proposed annual caps as set out in the paragraph headed "Proposed Annual Caps" above).
