The board of directors of the Company (the “**Board**”) wishes to inform the shareholders of the Company (the “**Shareholders**”) and potential investors that, based on the preliminary assessment of the latest information currently available to the Board and the latest consolidated management accounts of the Group, it is expected that the Group’s unaudited loss for the year ended 30 June 2022 will decrease by not less than 60% compared to the loss for the corresponding period in 2021 of approximately HK\$48.9 million.

The Board considers that such decrease was attributable to the combined effects of the followings during the year ended 30 June 2022: (i) increase in gross profit to approximately HK\$21.2 million mainly due to the increase in revenue; (ii) increase in other income to approximately HK\$4.1 million mainly due to waiver of lease liabilities because of COVID-19; (iii) turnaround from a loss to a gain arising from changes in fair value less costs to sell of biological assets of approximately HK\$3.8 million; (iv) turnaround from a net loss to a net gain on fair value changes in investments at fair value through profit or loss of approximately HK\$0.7 million; (v) decrease in provision for impairment loss of intangible assets to approximately HK\$1.8 million; and (vi) reversal of provision for impairment loss of receivables.

As the Company is still in the process of finalizing the annual results for the year ended 30 June 2022, the information contained in this announcement is only based on preliminary assessment by the Board in accordance with the latest information currently available and the latest consolidated management accounts of the Group, which are subject to finalization.
