Basis of determining the revised Financing Annual Caps and the revised Interest Annual Caps

The revised Financing Annual Caps and the revised Interest Annual Caps were determined after arm's length negotiations between China Goldjoy Securities and each of the Relevant Persons and their associates based on (i) the historical transaction amount (in particular, the transaction amount for the year ended 31 December 2016); (ii) the expected trading volume and demand of margin financing services by the Relevant Persons for the remaining term of the Margin Financing Service Agreements; (iii) the financial resources and capacity of margin financing facilities of China Goldjoy Securities for granting the margin financing facility after taking into account the credit assessment, financial strength, past payment records and collateral securities for the facility of them; and (iv) the benefit for capturing the securities trading activities of the Relevant Persons and their associates so as to earn more commission and fees in the usual and ordinary course of business of China Goldjoy Securities.

The historical transaction amounts for margin financing services with the Relevant Persons were as follows:

Daily outstanding financing	For the financial year of		
	2014 HK\$	2015 HK\$	(unaudited) HK\$
Cheung Lit Wan, Kenneth and his associates	15,863,568.97	14,834,791.64	62,767,788.73

Save for the revision to the Financing Annual Caps and the Interest Annual Caps, the other terms of the Margin Financing Service Agreements remain unchanged.

REASONS FOR THE REVISION TO THE ANNUAL CAPS

Upon completion of the First Acquisition, Mr. Cheung Lit Wan, Kenneth, who is a director of each of China Goldjoy Asset Management Limited (formerly known as China Yinsheng Asset Management), China Goldjoy Wealth Management Limited (formerly known as China Yinsheng Wealth Management), China Goldjoy Investment Limited (formerly known as KB Investment) and China Goldjoy Credit Limited (formerly known as KB Credit), and Ms. Lam Oi Chun, who is a director of China Goldjoy Securities, became connected persons of the Company at the subsidiary level, and the margin financing services that China Goldjoy Securities provided to them became continuing connected transactions of the Company.

Owing to better market conditions and the Shanghai and Shenzhen Connect programs becoming effective, there exist more trading opportunities and hence higher demand for margin financing services from the Relevant Persons. The entering into of the Supplemental Margin Financing Service Agreements will enable China Goldjoy Securities to continue (a) granting margin financing facilities to the Relevant Persons and their associates, (b) capturing the securities trading activities of the Relevant Persons and their associates, and (c) earning income from the Relevant Persons and their associates in the ordinary course of business of China Goldjoy Securities.

Given that the Supplemental Margin Financing Service Agreements have been entered into after arm's length negotiations and under normal commercial terms, the Board (including the independent non-executive Directors) considers that (i) the transactions contemplated under the Supplemental Margin Financing Service Agreements are being provided on normal commercial terms and in the ordinary course of business of China Goldjoy Securities which are not more favorable than those available to the Independent Third Parties of similar credit standing, trading record and quality of collaterals given; (ii) the terms of the Supplemental Margin Financing Service Agreements and the proposed revised annual caps thereunder are fair and reasonable; and (iii) the Supplemental Margin Financing Service Agreements are in the interest of the Company and its Shareholders as a whole.

LISTING RULES IMPLICATIONS

As the applicable percentage ratios as defined under Rule 14.07 of the Listing Rules for the revised annual caps under the Supplemental Margin Financing Service Agreements on an annual basis are more than 0.1% but less than 5%, the revision to the annual caps is subject to the reporting and announcement requirements and exempted from the independent shareholders' approval requirement under Chapter 14A of the Listing Rules.

As none of the Directors is interested in the Supplemental Margin Financing Service Agreements, no Director was required to abstain from voting for the resolutions proposed at the Board meeting held to approve the revisions to the annual caps under the Supplemental Margin Financing Service Agreements.
