VOLUNTARY ANNOUNCEMENT

This is a voluntary announcement made by Bisu Technology Group International Limited (the “**Company**”, together with its subsidiaries, the “**Group**”).

The board of the directors of the Company (the “**Board**”) is pleased to announce that on 17 March 2021, Dr. Jiang Dongmei (“**Dr. Jiang**”) has been appointed as the Chief Scientific Officer of the Company, taking in charge of the Group’s developing and executing corporate strategies on the carbon neutral businesses, coordinating and leading the Group’s development of the technology related to carbon neutral, and preparing and organizing a strategy committee specializing on this new business.

Dr. Jiang graduated from Nanjing University with a doctorate degree in environmental science. She then successively engaged in post-doctoral research in the School of Environment of Tsinghua University and the Institute of Nuclear and New Energy Research of Tsinghua University. She has also served as a research fellow at the Energy Research Institute of Hong Kong Baptist University.

Dr. Jiang has been engaged in cutting-edge research in the field of energy, ecological, environmental strategies and policies for many years, and has directly provided technical support for China’s participation in international climate change negotiations. She has also involved in a number of major national research projects, as well as the drafting of China’s low-carbon development strategy, sectors emission reduction mechanism and white book of China’s addressing climate change, etc. She also participated in the compilation of the second and third communication to UNFCCC on China’s inventory of GHG emissions from industrial process. She has been invited to deliver a speech on “Combat Climate Change” at the United Nations Headquarters in Manhattan.

As a specialist in the field of international carbon trading and carbon market, Dr. Jiang has conducted in-depth research on the procedures, management methods, methodologies, and legal issues of the Clean Development Mechanism (CDM), and have rich practical experiences whilst maintaining close partnership with domestic and foreign companies. Recently years, she has served as a carbon trade consultant for internationally renowned investment banks and large Chinese state-owned enterprises. She has successfully registered and issued a number of CDM projects in the UNFCCC, involving solar, wind, biomass energy and other new and renewable energy. She has served as the managing director of a state-owned new energy company, responsible for carbon asset management.

Yours faithfully,
For and on behalf of the Board
Bisu Technology Group International Limited
Gao Gunter
Executive Director

Hong Kong, 17 March 2021

As at the date of this announcement, the executive Directors are Dr. Gao Gunter, Mr. Chen Xinwei, Mr. Artem Matyushok and Mr. Brett Ashley Wight; and the independent non-executive Directors are Mr. Ip Mei Shun, Mr. Leung Tsz Wing and Mr. Yu Wai Chun.
