華潤醫療控股有限公司

(Incorporated in the Cayman Islands with limited liability)

(Stock Code: 1515)

**CONTINUING CONNECTED TRANSACTION
INFORMATION TECHNOLOGY SERVICES**

**CONTINUING CONNECTED TRANSACTION — INFORMATION
TECHNOLOGY SERVICES**

The Board announces that, CR Hospital Management (a wholly owned subsidiary of the Company) and Resolink Software (a wholly owned subsidiary of CR Holdings) (with Resolink Software representing the Resolink Companies; and all of them as service providers) entered into the Information Technology Services Framework Agreement on November 22, 2021 (for the term from the date of the agreement to December 31, 2022). The Resolink Companies shall provide the relevant information technology services to the Group and its Sponsored Hospitals pursuant to the Information Technology Services Framework Agreement.

LISTING RULES IMPLICATIONS

As at the date of this announcement, CR Holdings (a controlling shareholder of the Company) indirectly holds the entire equity interests in the Resolink Companies. Hence, the Resolink Companies are connected persons of the Company. Accordingly, the Information Technology Services Framework Agreement and the transactions thereunder constitute continuing connected transactions of the Company under Chapter 14A of the Listing Rules. As one or more of the applicable percentage ratios calculated pursuant to Rule 14.07 of the Listing Rules in respect of the proposed Annual Caps of the transactions contemplated under the Information Technology Services Framework Agreement exceed 0.1% but all of them are less than 5%, the Information Technology Services Framework Agreement, the transactions contemplated thereunder and the Annual Caps are subject to the reporting, announcement and annual review requirements under Chapter 14A of the Listing Rules, but are exempt from the independent shareholders' approval requirement pursuant to Chapter 14A of the Listing Rules.

CONTINUING CONNECTED TRANSACTION — INFORMATION TECHNOLOGY SERVICES

The Board announces that on November 22, 2021, CR Hospital Management (a wholly owned subsidiary of the Company) and Resolink Software (a wholly owned subsidiary of CR Holdings) (with Resolink Software representing the Resolink Companies; and all of them as service providers) entered into the Information Technology Services Framework Agreement (for the term from the date of the agreement to December 31, 2022). The Resolink Companies shall provide the relevant information technology services to the Group and its Sponsored Hospitals pursuant to the Information Technology Services Framework Agreement.

Information Technology Services Framework Agreement

The major terms of the Information Technology Services Framework Agreement are set out as follows:

Date: November 22, 2021

Parties: 1. CR Hospital Management; and
2. Resolink Software

With the authorisation granted by Resolink Guangdong and Resolink Xi'an, Resolink Software represents the Resolink Companies as the contract parties of the agreement; and the Resolink Companies shall be the service providers under the agreement.

Term: From the signing date of the agreement to December 31, 2022.

Relevant information technology services:

The Resolink Companies shall provide information technology services to the Group and its Sponsored Hospitals during the term of the agreement, including information technology operation and maintenance services and information technology service for specific projects.

Service fees and payment arrangement:

The Group and its Sponsored Hospitals shall pay service fees to the corresponding Resolink Companies for the information technology services based on the pricing of each specific service as agreed by both parties. The service fees shall be calculated by multiplying the actual volume of services with the unit price of the corresponding services. In order to determine the unit price of specific categories of services, the digitalization department of the Group shall gather information of the prevailing price of similar services in the open market as the reference price. The parties shall then determine the unit price with reference to the reference price as well as the development costs, operating costs, nature and scale of the relevant information technology systems/projects, subject to mutual negation and corresponding adjustments in line with the market practice, to ensure that the price is no less favorable to the Group and its Sponsored Hospitals than the price offered by independent third-party suppliers for similar services and that the price is determined after arm's length negotiation between the parties on normal commercial terms. Upon confirmation of the service statements by both parties, the service fees shall be payable by the Group and its Sponsored Hospitals within 30 days after receiving the relevant invoice. The above service fees are determined after arm's length negotiation between the parties on normal commercial terms taking into account the following factors: (i) nature and standard of services provided; (ii) budgeted costs of the relevant services, prevailing charges of similar services on the open market and the premise that the fees shall be no less favorable to the Group and its Sponsored Hospitals than the price offered by independent third-party suppliers for similar services.

Annual Caps and basis of determination

The corresponding Annual Caps of the information technology services as provided by the Resolink Companies to the Group and its Sponsored Hospitals (including the services to be provided under the Information Technology Services Framework Agreement since the signing date), which are continuing connected transactions of the Company, are set out as follows:

	Year ending December 31, 2021 (RMB)	Year ending December 31, 2022 (RMB)
Annual Cap	4,000,000	10,000,000

The above Annual Caps are determined with reference to: (1) the historical transaction amount; (2) the expected growth of the Group's hospital services; (3) the demand of information technology services of the newly acquired medical institutes of the Group; and (4) the expected expansion of the hospital network of the Group. The accumulated fees incurred from the provision of information technology services by the Resolink Companies to the Group and its Sponsored Hospitals (which were conducted on normal commercial terms or better) since January 1, 2021 and up to the date of this announcement amounted to approximately RMB2.09 million.

REASONS FOR AND BENEFITS OF ENTERING INTO THE INFORMATION TECHNOLOGY SERVICES FRAMEWORK AGREEMENT

The Group and its Sponsored Hospitals require certain types of information technology services during their daily operations. A fixed term information technology service agreement with the Resolink Companies is considered beneficial to the Group and its Sponsored Hospitals as it can help the Group and its Sponsored Hospitals acquire stable and efficient information technology services at reasonable costs, thereby enhancing the efficiency of the daily operations of the Group and its Sponsored Hospitals and lowering their management costs.

Taking into account the above factors, the Directors (including independent non-executive Directors) are of the view that the Information Technology Services Framework Agreement is entered into on normal commercial terms or better in the ordinary and usual course of business of the Group. The terms of the Information Technology Services Framework Agreement are fair and reasonable and in the interests of the Company and its Shareholders as a whole. None of the Directors is considered to have any material interest in the Information Technology Framework Agreement. As part of good corporate governance measures, Mr. SONG Qing, Mr. CHENG Libing and Ms. REN Yuan, the executive Directors, and Mr. SHAN Baojie, the non-executive Director, have abstained from voting on the relevant Board resolution(s), as they serve as senior management in CR Holdings.

GENERAL INFORMATION

The Group

Headquartered in Beijing, the Group is mainly engaged in the provision of general hospital services, hospital management services and group purchasing organisation business in the PRC.

The Resolink Companies

CR Digital is a company established in the PRC with limited liability and a wholly owned subsidiary of CR Holdings, which is in turn ultimately owned by China Resources Company Limited (a Chinese state-owned entity supervised by the State-owned Assets Supervision and Administration Commission of the State Council). Resolink Software,

Resolink Guangdong and Resolink Xi'an, which are subsidiaries of CR Digital, are principally engaged in smart technology empowerment service, cloud computing service, management and business informationalisation consultancy and implementation services, general operational service and other product incubation services in the PRC.

LISTING RULES IMPLICATIONS

As at the date of this announcement, CR Holdings (a controlling shareholder of the Company) indirectly holds the entire equity interests in the Resolink Companies. Hence, the Resolink Companies are connected persons of the Company. Accordingly, the Information Technology Services Framework Agreement and the transactions thereunder constitute continuing connected transactions of the Company under Chapter 14A of the Listing Rules. As one or more of the applicable percentage ratios calculated pursuant to Rule 14.07 of the Listing Rules in respect of the proposed Annual Caps of the transactions contemplated under the Information Technology Services Framework Agreement exceed 0.1% but all of them are less than 5%, the Information Technology Services Framework Agreement, the transactions contemplated thereunder and the Annual Caps are subject to the reporting, announcement and annual review requirements under Chapter 14A of the Listing Rules, but are exempt from the independent shareholders' approval requirement pursuant to Chapter 14A of the Listing Rules.
