VOLUNTARY ANNOUNCEMENT FORMATION OF A JOINT VENTURE AND PARTICIPATION IN A HOSPITAL REFORMATION PROJECT

The Board is pleased to announce that on December 3, 2019, CR Hospital Holdings, a wholly-owned subsidiary of the Company, entered into the Joint Venture Agreement with CNHTC, pursuant to which CR Hospital Holdings and CNHTC will establish the Joint Venture. Upon its formation, the Joint Venture will be held as to 75% by CR Hospital Holdings and 25% by CNHTC, and the Group will participate in a hospital reformation project through the Joint Venture.

SALIENT ARRANGEMENTS OF THE JOINT VENTURE AGREEMENT

Under the Joint Venture Agreement, the Joint Venture will be held as to 75% by CR Hospital Holdings and 25% by CNHTC, and will become a subsidiary of the Group. The contribution from CNHTC will be in the form of Hospital-Related Assets held by it, including medical equipment, land use right in respect of the old hospital zone and buildings of the Target Hospital, whilst the contribution from CR Hospital Holdings will be in the form of cash of RMB254,235,300 which was determined based on the value of the Hospital-Related Assets appraised by an independent valuer. Shareholders of the Joint Venture will have a right of first refusal in respect of any remaining equity interests.

INFORMATION OF THE TARGET HOSPITAL AND THE JOINT VENTURE

The Target Hospital is a Grade IIA general hospital located in Jinan City, Shandong Province. A total of 450 beds will be made available when both the new and old hospital zones of the Target Hospital become fully operational in future. The new hospital zone was launched at the beginning of 2018. Apart from providing medical services to the employees of CNHTC and their families, the hospital is currently open to residents in the neighboring regions. The total number of annual in-patient visits of the Target Hospital based on discharges exceeded 6,000 and its total number of annual out-patient visits exceeded 450,000. The Target Hospital has its core strengths in cardiology, and with vascular surgery, Chinese medicine and rehabilitation as its other key disciplines. The Joint Venture is established with an intention to facilitate the reformation of the Target Hospital.

INFORMATION OF CNHTC

Established in 1956, CNHTC is an entity under the State-Owned Assets Supervision and Administration Commission of Jinan City and is one of the largest manufacturers of heavy-duty vehicles in the PRC. To the best of the Directors' knowledge, information and belief having made all reasonable enquiries, as at the date of this announcement, CNHTC and its ultimate beneficial owners are independent third parties.

REASONS FOR AND BENEFITS OF ENTERING INTO THE JOINT VENTURE AGREEMENT

The Group is principally engaged in the provision of general hospital services, hospital management services and GPO (Group Purchasing Organization) business in the PRC, with its headquarters located in Beijing.

The Joint Venture arrangement represents a key milestone of the Parties in the furtherance of the reform of state-owned enterprises' non-core assets initiatives guided by various PRC ministries. While it will contribute to the segregation of core and non-core businesses of CNHTC, the cooperation will also add to the Group's ongoing efforts in developing its healthcare business and solidifying the expansion of its medical services in Shandong region and footprints in provincial capitals. The Joint Venture arrangement will channel funding, medical and management resources of the Group to the Target Hospital, which will contribute to maintaining a stable staff team and asset appreciation favorable to the sustainable development of the Target Hospital as a whole. Further, the Target Hospital will explore the possibility of the comprehensive reformation of its business model, which will set a precedent for other state-owned enterprises in implementing their respective non-core business/assets reforms.
