CHAIRMAN'S STATEMENT

In 2011, led by 3G and fixed-line broadband, the Company expedited the establishment of differentiation advantages. The overall development showed a trend of sustained and accelerating improvement. While revenue grew rapidly, its market share increased steadily. The business structure became more rational with a gradual improvement in profitability. The overall strength and sustainable development capability of the Company were further reinforced.

Financial performance^{1, 2}

In 2011, the growth of the Company's revenue accelerated. Revenue of the Company (excluding deferred fixed-line upfront connection fee, same hereinafter unless otherwise specified) totaled RMB209.15 billion, an increase of 22.2% compared with last year. Service revenue was RMB185.87 billion, an increase of 13.4% compared with last year. EBITDA was RMB63.40 billion, an increase of 6.7% compared with last year. Net profit was RMB4.21 billion, an increase of 20.0% compared with last year. Basic earnings per share was RMB0.179 (including deferred fixed-line upfront connection fee).

In 2011, operating cash flows of the Company was RMB66.49 billion, an increase of 0.2% compared with last year. Capital expenditure was RMB76.66 billion, an increase of 9.2% compared with last year. As at 31 December 2011, debt-to-capitalisation ratio was 34.2% and net debt-to-capitalisation ratio was 29.4%. The Company's debt-to-capitalisation structure remained solid.

Based on the Company's financial position in 2011 and taking into account the development needs of the mobile and fixed-line broadband businesses, the Board recommends the payment of a final dividend of RMB0.10 per share for the year ended 31 December 2011.

Business performance^{1, 2}

In 2011, driven by the continued and rapid growth of the 3G and fixed-line broadband businesses, the revenue of the Company grew rapidly. The growth of service revenue in 2011 exceeded that of the industry average by 3.4 percentage points, and the Company's market share increased steadily. Together with the rapid revenue growth, the Company's business and revenue structures continued to improve. Service revenue from the mobile business accounted for 55.6% of the total service revenue. Service revenue from the non-voice business accounted for 48.7% of the total service revenue.

Mobile business

In 2011, the mobile business of the Company showed a strong growth momentum. The aggregate number of the Company's mobile subscribers was 199.660 million, an increase of 19.3% compared with last year. Service revenue from the mobile business was RMB103.31 billion, an increase of 25.3% compared with last year. Driven by the growth in the number of 3G subscribers, the subscriber mix and the revenue structure of the mobile business

continued to improve. The ARPU of mobile subscribers was RMB47.3, an increase of 8.2% compared with last year. Driven by an increase of 293.4% in mobile data usage compared with last year, the revenue from the mobile non-voice business increased rapidly and accounted for 37.2% of the total revenue from the mobile business.

The 3G business became the largest driving force of the Company's revenue growth: In 2011, the Company further strengthened and expanded its differentiation competitive advantages in the 3G business by fully capitalizing on the driving effect of handsets, channels and applications. The Company experienced a rapid and substantial growth in its 3G business. The net additions of 3G subscribers increased by 25.959 million to 40.019 million in 2011, representing 20.0% of the total mobile subscribers. The ARPU of 3G subscribers maintained a relatively high level of RMB110.0. Service revenue from the 3G business was RMB32.74 billion, representing an increase of 182.3% compared with last year and accounting for 31.7% of the service revenue from the mobile business.

During the year, the Company further utilized the leading advantages of WCDMA in the field of intelligent handsets, continued to enrich the offering of customized handsets and established competitive advantages in products at all price levels. In the second half year, the Company, in collaboration with various parties in the industry chain, launched the world's first thousand-RMB smartphones with a 3.5-inch capacitive screen and a CPU 600MHz or above, which became an important driving force in speeding up the popularity of mobile Internet following the introduction of iPhone and rapidly increased the net additions of the Company's 3G subscribers.

The Company continued to break through the scale of independent channels and actively improved sales and settlement processes, resulting in an overall improvement in the productivity and efficiency of independent channels. Independent channels of the 3G business accounted for 53% of the sales for the year. The Company accelerated the enhancement of sales capability of its self-owned stores and implemented experiential marketing model transformation in 3,500 self-owned stores, resulting in a significant increase in sales per store. The Company also actively promoted sales through e-channels and achieved a rapid growth in the usage of its online store. The turnover of the Company's online store was RMB23.07 billion for the year, an increase of 86% compared with last year.

With respect to contents and applications, the Company focused its efforts on key products such as music, reading and application stores and widely promoted experience and contents delivery activities, resulting in increased usages by subscribers. In 2011, the average data usage per month of the Company's 3G subscribers was 267 MB, an increase of 50.1% compared with last year. In the second half year, the Company creatively launched the WO+ open system to enhance its product aggregation, channel sales, refined operation and smart pipe capabilities, so as to increase usage and aggregate applications and continually expand the influence of operators.

GSM business remained generally stable: In 2011, the Company strengthened its efforts in the marketing of its GSM data services and boldly explored the transformation of the GSM business marketing model in areas such as products and channels. The net additions of subscribers for the year were 6.275 million, bringing the total number to 159.641 million. Service revenue from the GSM business was RMB70.57 billion which generally maintained stable. Due to various factors such as the intense competition in voice sector and the substitutive impact of mobile Internet products, GSM voice business continued to decline. Driven by the growth in businesses such as mobile Internet, data business achieved rapid growth.

Fixed-line business

In 2011, the Company actively carried out the marketing of fixed-line broadband speed enhancement and the integrated business. The rapid growth in the fixed-line broadband business effectively offset the decline in the local telephone business³. Service revenue from the fixed-line business in the year was RMB81.63 billion, an increase of 2.4% compared with last year. Revenue from the non-voice business accounted for 63.9% of the total revenue from the fixed-line business. The business structure further improved.

The fixed-line broadband business continued to grow rapidly: During the year, the Company has expedited fixed-line broadband speed enhancement and actively implemented the marketing of speed enhancement. The total number of fixed-line broadband subscribers for the year increased by 17.8% compared with last year to 55.651 million. Service revenue from fixed-line broadband business increased by 18.1% compared with last year, which for the first time exceeded service revenue from the fixed-line voice business and accounted for 43.2% of the service revenue from fixed-line business.

Retaining fixed-line value through the integrated business: The Company actively implemented the marketing of local telephone voice packages and valued-added services, vigorously promoted integrated products and exerted itself to increase fixed-line subscriber value. In 2011, the total number of subscribers of the Company's "WO Family" increased by 7.975 million, resulting in a 2.2% increase in the total number of fixed-line voice subscribers to 85.064 million in 2011 compared with last year. Due to the decline in the ARPU and the significant loss of PHS subscribers, the total service revenue from the local telephone business³ for the year was RMB34.00 billion, a decline of 15.2% compared with last year.

Industry applications

In 2011, the Company focused on scale promotion of key industry application products, such as mobile OA, government enforcement, automobile information services, monitoring and surveillance and stock trading machine, and continuously expanded its influence in key industrial sectors, such as central government-owned enterprises, government, automobile and finance. As at the end of 2011, the total number of subscribers of key industry applications exceeded 10 million. Leveraging on its leading edge in industry application sector, the Company speeded up its full-service business development for corporate clients, driving a rapid growth in the corporate client business.

Network building

In 2011, the Company accelerated 3G network building and continued to improve the GSM networks. The number of 3G base stations increased by 56,000 for the year and the number of GSM base stations increased by 46,000. The total number of mobile base stations was 614,000, an increase of 19.9% compared with last year. The Company completed 3G network HSPA+ upgrade in 56 key cities throughout the country and continued to maintain its leading edge in 3G network and technology. The Company exerted great efforts to facilitate the development of its optical access networks. The total number of fixed-line broadband access ports was 85.923 million, of which, the percentage of FTTH/B ports was 45%. The network quality of the Company was further enhanced.

Management reform

In 2011, the Company actively explored reforms in the operational and organizational systems geared to the new business model, further improved the integrated marketing system targeting corporate clients and increased sales and service capabilities. The Company also actively propelled the full cost evaluation system with LAN as the unit and facilitated the improvement of resource efficiency. Guided by scale and effectiveness, the Company enhanced the remuneration incentive mechanism and continuously promoted corporate vigour.

The Company persisted in service innovation and strengthened customer service mechanism dedicated to different customer groups, resulting in a continued enhancement in client experience on key services. In a survey on overall customer services satisfaction conducted by the MIIT, the Company's 3G services ranked the first based on the customer satisfaction index.

Outlook

Being faced with a complicated and changing macroeconomic environment, and with the continual emergence of new technologies and new businesses in the information and communication industries and the accelerating cross-sector integration of industries, the communication industry in China is still expected to maintain relatively fast growth. With the improvement of networks and the enrichment of handsets, the conditions for WCDMA to achieve even faster development in China have become increasingly mature. The penetration rate of 3G will further accelerate and the mobile Internet application market will continue to prosper. China has strengthened the construction of network infrastructure and specifically implemented the strategy of broadband China, which will drive the broadband business to continue to grow rapidly. China Unicom has established differentiation advantages to a certain extent in the mobile broadband data business sector, accumulated more extensive operating experience and gradually built up a good reputation. The Company is confident that it will be able to grasp the valuable strategic opportunity and timing window, speed up its scaled development in key businesses to ensure a faster increase in revenue and market share, and achieve a faster growth in profit and a greater value for shareholders.

In 2012, the Company will further increase the network investment of WCDMA, ensure allocation of resources to the growing sectors and continue to propel management innovation and reform. While maintaining a faster growth in profitability level, the Company will strive to achieve a greater breakthrough in business development and revenue scale so as to further enhance its standards in development, profitability and management. Major operating initiatives and targets include:

Accelerating the construction of WCDMA target network and ensuring the needs of market development. In 2012, the Company will accelerate the construction of 3G target network, further expand the coverage of HSPA+, basically eliminate 3G network blind and weak coverage spots in all cities and achieve full 3G coverage in villages and towns in the eastern and central regions and the western developed regions, as well as key scenic spots and transportation routes. By taking the opportunity of the implementation of Broadband China strategy, the Company will continue to facilitate the construction of the optical access networks, which are mainly based on FTTH/B to achieve an access rate of 10M and above in major competitive areas of cities and an access rate of 2M and above in rural areas.

Driving the large-scale growth of key businesses and realizing a faster increase in revenue and market share. The Company will utilize all resources and take advantage of its handsets, channels and applications to further increase the penetration rate of contract subscribers and ensure a new breakthrough for large-scale growth of the 3G business. The Company will fully accelerate the upgrade and speed enhancement of fixed-line broadband business and leverage its advantages in integrated business so as to achieve a continued and rapid growth of the broadband business and the continued improvement of the fixed-line business structure. The Company will further promote the integrated business and the transformation of the marketing model of the GSM business to maintain the steady development of the GSM business during transformation.

Boldly promoting innovation and reforms and further strengthening basic management. The Company will actively adapt to the changes in the model of business development, continue to optimize the marketing organizational structure, expedite the progress in electronic sales and services to fully enhance its marketing and sales capability. The Company will further promote specialized operational reforms supported by network construction, maintenance and IT to reinforce the overall business support capability. In addition, the Company will promote the budget control system with LAN as the core and an enhanced control over specialized lines, implement a dynamic resource allocation mechanism that matches business development with the revenue level and continuously enhance scientific and transparent resource allocation. The Company will continue to improve its remuneration incentive mechanism to promote corporate vigour in operation.

Lastly, on behalf of the Board of the Company, I would like to express my sincere gratitude to the shareholders, the government and the community for their support to the development of the Company, and also to the management and all staff members of the Company for their unremitting efforts in the development of the Company.

Chang Xiaobing
Chairman and Chief Executive Officer

Hong Kong, 22 March 2012

The shares of the Company were listed on the Stock Exchange of Hong Kong Limited (“SEHK”) on 22 June 2000 and the American Depositary Shares (“ADS”) of the Company were listed on the New York Stock Exchange on 21 June 2000.

The substantial shareholders of the Company are China Unicom (BVI) Limited (“Unicom BVI”) and China Netcom Group Corporation (BVI) Limited (“Netcom Group BVI”). The majority of equity interests in Unicom BVI is owned by China United Network Communications Limited (“A Share Company”, a joint stock company incorporated in the PRC on 31 December 2001, with its A shares listed on the Shanghai Stock Exchange on 9 October 2002). The majority of the equity interest in A Share Company is owned by China United Network Communications Group Company Limited (a state-owned enterprise established in the PRC, hereinafter referred to as “Unicom Group”). Netcom Group BVI is a wholly-owned subsidiary of Unicom Group. As a result, the directors of the Company consider Unicom Group to be the ultimate holding company.

The financial figures in respect of the announcement of the Group’s results for the year ended 31 December 2011 have been agreed by the Group’s auditor, PricewaterhouseCoopers, to the amounts set out in the Group’s audited consolidated financial statements for the year. The work performed by PricewaterhouseCoopers in this respect did not constitute an assurance engagement in accordance with Hong Kong Standards on Auditing, Hong Kong Standards on Review Engagements or Hong Kong Standards on Assurance Engagements issued by the Hong Kong Institute of Certified Public Accountants (the “HKICPA”) and consequently no assurance has been expressed by PricewaterhouseCoopers on the announcement.

Acquisition of China Unicom NewSpace Limited (hereinafter referred to as the “2011 Business Combination”)

On 1 December 2011, China Unicom Broadband Online Limited Corporation (“Broadband Online”, a wholly-owned subsidiary of China United Network Communications Corporation Limited (“CUCL”, a wholly-owned subsidiary of the Company)) entered into an equity interest transfer agreement with Unicom Group, pursuant to which Broadband Online agreed to acquire the entire equity interest of China Unicom NewSpace Limited (“Unicom NewSpace”) from Unicom Group for a total cash consideration of RMB158 million. The acquisition was completed on 1 December 2011.

2. STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with all applicable International Financial Reporting Standards (“IFRSs”) issued by the International Accounting Standards Board (“IASB”), which collective term includes all applicable individual International Financial Reporting Standards, International Accounting Standards (“IASs”) and Interpretations issued by the IASB. Hong Kong Financial Reporting Standards (“HKFRSs”), which collective term includes all applicable individual Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards (“HKASs”) and Interpretations issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”), are consistent with IFRSs. These financial statements also comply with HKFRSs as well as the applicable disclosure provisions of the Rules Governing the Listing of Securities on the SEHK and the requirements of the Hong Kong Companies Ordinance.

3. BASIS OF PREPARATION

The consolidated financial statements have been prepared under the historical cost convention, modified by the revaluation of financial assets at fair value through other comprehensive income.

(a) Business Combination of Entity and Business under Common Control

The 2011 Business Combination was considered a business combination of entity and business under common control as Unicom NewSpace before and after the acquisition was under the control of Unicom Group, the Group’s ultimate holding company.

Under HKFRSs, the 2011 Business Combination was accounted for using merger accounting in accordance with the Accounting Guideline 5 “Merger accounting for common control combinations” issued by the HKICPA. Upon the adoption of IFRSs by the Group in 2008, the Group adopted the accounting policy to account for business combinations of entities and businesses under common control using the predecessor values method, which is consistent with HKFRSs. Accordingly, the acquired assets and liabilities are stated at predecessor values, and were included in the consolidated financial statements from the beginning of the earliest period presented as if the entities and businesses acquired had always been part of the Group considering the acquired entity had always been under common control during all the periods presented.

(b) Going Concern Assumption

As at 31 December 2011, current liabilities of the Group exceeded current assets by approximately RMB175.1 billion (2010: approximately RMB155.9 billion). Given the current global economic conditions and the Group’s expected capital expenditures in the foreseeable future, management has comprehensively considered the Group’s available sources of funds as follows:

- The Group’s continuous net cash inflows from operating activities;
- Approximately RMB206.8 billion of revolving banking facilities and registered quota of commercial papers, of which approximately RMB136.5 billion was unutilised as at 31 December 2011; and
- Other available sources of financing from domestic banks and other financial institutions given the Group’s credit history.

In addition, the Group believes it has the ability to raise funds from the short, medium and long-term perspectives and maintain reasonable financing costs through appropriate financing portfolio.

Based on the above considerations, the Board of Directors is of the opinion that the Group has sufficient funds to meet its working capital requirements and debt obligations. As a result, the consolidated financial statements of the Group for the year ended 31 December 2011 have been prepared on a going concern basis.

(c) **Critical Accounting Estimates and Judgment**

Except as disclosed in Note 3(d) under sub-section “ Changes in accounting policy and disclosures”, the significant accounting policies adopted and critical accounting estimates and judgment made in the preparation of the annual financial statements for the year ended 31 December 2011 are consistent with those used in preparing the annual financial statements for the year ended 31 December 2010.

(d) **Changes in accounting policy and disclosures**

New and amended standards adopted by the Group

(i) **Adoption of amended IFRS/HKFRS 1**

Pursuant to the amended IFRS/HKFRS 1 “First-time Adoption International/Hong Kong Financial Reporting Standards” issued in 2010, a first-time-adopt entity may have established a deemed cost in accordance with previous generally accepted accounting principles for some or all of its assets and liabilities by measuring them at their fair value at one particular date because of an event such as a privatisation or initial public offering (“IPO”). If the measurement date is at or before the date of transition to IFRSs/HKFRSs, the entity may use such event-driven fair value measurements as deemed cost for IFRSs/HKFRSs at the date of that measurement. If the measurement date is after the date of transition to IFRSs/HKFRSs, but during the period covered by the first IFRSs/HKFRSs financial statements, the event-driven fair value measurements may be used as deemed cost when the event occurs. The amendment permits to apply event-driven fair value measurements as deemed cost retrospectively in the first annual period after 1 January 2011.

The Group had completed its IPO process and merger of businesses under common control before the adoption of IFRSs and the property, plant and equipment were revalued for the purpose of the transactions. Such revaluations were event-driven fair value measurements. Accordingly, upon the adoption of amended IFRS/HKFRS 1 in 2011, the Group applied such event-driven fair value measurements as deemed cost for the relevant property, plant and equipment (other than buildings and telecommunications equipment of Mobile business which were accounted for using the cost model), retrospectively. The restated deemed costs of these assets would be subject to depreciation and impairment assessments.

Upon the adoption of amended IFRS/HKFRS 1, the event-driven fair value measurement has been treated as deemed cost, so subsequent re-measurement at fair value of property, plant and equipment is not necessary to comply with IAS/HKAS 16 “Property, Plant and Equipment”. Accordingly, the Group changed its accounting policy and measures all of its property, plant and equipment at cost less accumulated depreciation and accumulated impairment losses. As a result, those revaluation surpluses or deficits recognised as a consequence of the 2006 and 2008 revaluations have been reversed and their impacts on depreciation have been adjusted accordingly.

The impact from the retrospective application of amended IFRS/HKFRS 1 and the consequential changes of accounting policies for property, plant and equipment is summarised as follows:

	As at 1 January	As at 31 December		Year ended 31 December	
	2010	2011	2010	2011	2010
Change in measurement of property, plant and equipment (other than buildings and telecommunications equipment of Mobile business)					
Decrease in property, plant and equipment	(208)	(536)	(423)	—	—
Increase in deferred income tax assets	55	134	99	—	—
Decrease in revaluation reserve	106	24	56	—	—
Decrease in retained profits	47	378	268	—	—
Increase in depreciation and amortisation charge	—	—	—	113	215
Decrease in deferred tax expense	—	—	—	(35)	(44)

The following table summarises the changes to the 2010 comparative financial information in connection with the 2011 Business Combination and changes in accounting policies:

	As previously reported	2011 Business Combination	Changes in accounting policies	Elimination	As restated
For the year ended 31 December 2010/As at 31 December 2010					
Results of operations:					
Revenue	171,298	72	—	—	171,370
Profit for the year	3,851	21	(171)	—	3,701
Financial position:					
Non-current assets	399,245	21	(324)	—	398,942
Current assets	42,208	133	—	(14)	42,327
Total assets	441,453	154	(324)	(14)	441,269
Current liabilities	198,237	10	—	(14)	198,233
Total liabilities	235,612	10	—	(14)	235,608
Net assets	205,841	144	(324)	—	205,661

(ii) **Early adoption of IFRS/HKFRS 9**

On 1 January 2011, the Group early adopted IFRS/HKFRS 9 “Financial Instruments”.

Upon the adoption of the standard, the Group:

- Classified its investments in equity instruments as those measured at fair value;
- Made an irrevocable election to recognise changes in fair value of these financial assets only through other comprehensive income. As a result of this election, all subsequent fair value or disposal gains/losses will not be recognised in the statement of income; and
- Transferred the balance of available-for-sale fair value reserve to investment revaluation reserve.

There was no impact on the Group’s accounting for financial liabilities, as the new standard only affects the accounting for financial liabilities that are designated at fair value through profit and loss, and the Group did not have any such liabilities.

4. SEGMENT INFORMATION

The Chief Operating Decision Maker (the “CODM”) has been identified as the Board of Directors (“the BOD”) of the Company which regularly reviews the Group’s internal reporting in order to assess performance and allocate resources, and determines the operating segments based on these reports. The BOD considers the business from the provision of services perspective instead of the geographic perspective. Accordingly, the Group’s operations comprise two operating segments based on the various types of telecommunications services, mainly provided to customers in Mainland China.

The major operating segments of the Group are classified as follows:

- Mobile business — the provision of GSM and WCDMA cellular and related services in all 31 provinces, municipalities and autonomous regions in Mainland China;
- Fixed-line business — the provision of fixed-line telecommunications and related services, domestic and international data and Internet related services, and domestic and international long distance and related services in all 31 provinces, municipalities and autonomous regions in Mainland China.

The CODM evaluates results of each operating segments based on revenue and costs that are directly attributable to the operating segments. The unallocated amounts primarily represent corporate and shared service expenses that are not directly allocated to one of the aforementioned operating segments. The unallocated amounts also include other statement of income items such as employee benefit expenses, interest income, income tax expenses, finance costs and other income, which cannot be directly identified to specific operating segments. Segment assets primarily comprise property, plant and equipment, other assets, inventories and receivables. Segment liabilities primarily comprise operating liabilities.

Revenues between segments are carried out on terms comparable to those transactions conducted with third parties or at standards promulgated by relevant government authorities. Revenue from external customers reported to the CODM is measured in a manner consistent with that in the consolidated statement of income.

The normal credit period granted by the Group to individual subscribers is 30 days from the date of billing unless they meet certain specified credit assessment criteria. For corporate customers, the credit period granted by the Group is based on the service contract terms, normally not exceeding 1 year.

There is no significant concentration of credit risk with respect to customer receivables, as the Group has a large number of customers.

10. CONVERTIBLE BONDS

The convertible bonds recognised in the consolidated balance sheet are calculated as follows:

Face value of convertible bonds at issue date	12,236
Less: direct issue costs	<u>(96)</u>
Face value of convertible bonds at issue date, net	<u>12,140</u>
Including:	
Equity component on initial recognition	572
Liability component on initial recognition	<u>11,568</u>
	<u>12,140</u>
Movement of liability component:	
Liability component on initial recognition	11,568
Less: effect of exchange gain on liability component	(55)
Add: imputed finance cost	<u>45</u>
Liability component at 31 December 2010	11,558
Less: effect of exchange gain on liability component	(565)
Less: interest paid	(89)
Add: imputed finance cost	<u>214</u>
Liability component at 31 December 2011	<u>11,118</u>

The fair value of the liability component, which was calculated using market interest rate for a bond with the same tenure but with no conversion features, was determined upon the issuance of the convertible bonds. The difference between the face value (net of direct issue costs) and the fair value of the liability component was credited to convertible bonds reserve under equity attributable to owners of the parent.

The liability component of the convertible bonds at 31 December 2011 amounted to approximately RMB11,118 million (equivalent to USD1,765 million) (2010: approximately RMB11,558 million (equivalent to USD1,745 million)) and was calculated using cash flows discounted at a rate based on the borrowing rate of 1.90% per annum taking into the effect of direct issue costs.

During the years ended 31 December 2010 and 2011, there was no conversion of the convertible bonds into shares of the Company by the bondholders and no redemption of the convertible bonds made by Billion Express Investments Limited.

15. DIVIDENDS

At the annual general meeting held on 24 May 2011, the shareholders of the Company approved the payment of a final dividend of RMB0.08 per ordinary share for the year ended 31 December 2010 totaling approximately RMB1,885 million which has been reflected as a reduction of retained profits for the year ended 31 December 2011. As at 31 December 2011, all dividends have been paid by the Company, except for dividends payable of approximately RMB479 million due to Unicom BVI.

At a meeting held on 22 March 2012, the Board of Directors of the Company proposed the payment of a final dividend of RMB0.10 per ordinary share to the shareholders for the year ended 31 December 2011 totaling approximately RMB2,356 million. This proposed dividend has not been reflected as a dividend payable in the financial statements as at 31 December 2011, but will be reflected as an appropriation of retained profits in the financial statements for the year ending 31 December 2012.

	<u>2011</u>	<u>2010</u>
Proposed final dividend:		
RMB0.10 (2010: RMB0.08) per ordinary share by the Company	<u>2,356</u>	<u>1,885</u>

Pursuant to the PRC enterprise income tax law, a 10% withholding income tax is levied on dividends declared on or after 1 January 2008 by foreign investment enterprises to their foreign enterprise shareholders unless the enterprise investor is deemed as a PRC Tax Resident Enterprise ("TRE"). On 11 November 2010, the Company obtained an approval from State Administration of Taxation, pursuant to which the Company qualifies as a PRC TRE from 1 January 2008. Therefore, as at 31 December 2011, the Company's subsidiaries in the PRC did not accrue for withholding tax on dividends distributed to the Company and there has been no deferred tax liability accrued in the Group's consolidated financial statements for the undistributed profits of the Company's subsidiaries in the PRC.

For the Company's non-PRC TRE enterprise shareholders, the Company would distribute dividends after deducting the amount of enterprise income tax payable by these non-PRC TRE enterprise shareholders thereon and reclassify the related dividend payable to withholding tax payable upon the declaration of such dividends. The requirement to withhold tax does not apply to the Company's shareholders appearing as individuals in its share register.

16. EARNINGS PER SHARE

Basic earnings per share for the years ended 31 December 2011 and 2010 were computed by dividing the profit attributable to owners of the parent by the weighted average number of ordinary shares outstanding during the years.

Diluted earnings per share for the years ended 31 December 2011 and 2010 were computed by dividing the profit attributable to owners of the parent by the weighted average number of ordinary shares outstanding during the years, after adjusting for the effects of the dilutive potential ordinary shares. All potential ordinary shares for the years ended 31 December 2011 and 2010 arose from (i) share options granted under the amended Share Option Scheme; (ii) share options granted under the amended Special Purpose Share Option Scheme, and (iii) the convertible bonds.

The potential ordinary shares which are not dilutive for the years ended 31 December 2011 and 2010 arose from (i) share options with exercise price of HKD15.42 granted under the amended Share Option Scheme and (ii) the convertible bonds with initial conversion price of HKD15.85, which were excluded from the weighted average number of ordinary shares for the purpose of computation of diluted earnings per share.

The following table sets forth the computation of basic and diluted earnings per share:

18. CONTINGENT LIABILITIES

As aforementioned in Note 13, the tariffs for the services provided by the Group are subject to regulations by various government authorities. In 2008, the NDRC investigated the compliance with tariffs regulations of several branches of CUCL and China Netcom (Group) Company Limited, which merged with CUCL on 1 January 2009. Based on management's assessment and continuous discussions with MIIT and NDRC, management considered that the Group complied with the regulations issued by the relevant government authorities, and the likelihood of material future cash outflow as a result of the investigation is remote. Accordingly, no provisions were recorded as at 31 December 2011 and 2010.

In addition, in 2011, the NDRC investigated the alleged monopolistic conducts in the broadband internet business. Based on management's assessment and continuous discussions with NDRC, management considered the likelihood of material future cash outflow as a result of the investigation is remote. Accordingly, no provisions were recorded as at 31 December 2011.

The Company's employee benefit expenses in 2011 amounted to RMB26.60 billion, up by 13.9% compared with last year and, as a percentage of total revenue, changed from 13.6% in 2010 to 12.7% in 2011.

5. *Selling and marketing expenses*

In 2011, the Company responded proactively to the changes in market and expedited the development of social and electronic channels to boost sales. In addition, the Company continued to optimise its marketing strategies and improve customer maintenance. With the increase in the total revenue and number of subscribers, selling and marketing expenses in 2011 were RMB28.75 billion, up by 21.1% compared with last year and, as a percentage of total revenue, changed from 13.9% in 2010 to 13.8% in 2011. The

selling and marketing expenses from the mobile business were RMB12.28 billion in 2011, up by 30.8% compared with last year and, as a percentage of revenue from the mobile business, changed from 10.5% to 9.7%. The selling and marketing expenses from the fixed-line business were RMB7.42 billion in 2011, up by 11.6% compared with last year and, as a percentage of revenue from the fixed-line business, changed from 8.3% to 9.1%.

6. *General, administrative and other expenses*

In 2011, general, administrative and other expenses were RMB14.84 billion, up by 7.0% compared with last year and, as a percentage of total revenue, changed from 8.2% in 2010 to 7.1% in 2011. The administrative and office expenses were RMB3.56 billion, up by 3.8% compared with last year, but less than the growth of revenue. The general, administrative and other expenses from the mobile business were RMB2.49 billion in 2011, up by 14.5% compared with last year and, as a percentage of revenue from the mobile business, changed from 2.4% to 2.0%. The general, administrative and other expenses from the fixed-line business were RMB2.18 billion in 2011, up by 32.3% compared with last year and, as a percentage of revenue from the fixed-line business, changed from 2.1% to 2.7%.

7. *Costs of telecommunications products sold*

In 2011, the Company continued to proactively promote the 3G handsets subsidy policies and launched a number of newly defined “Thousand RMB Smartphone” together with star handsets such as iPhone to step up the development of 3G contracting subscribers. As a result, the sales of all kinds of handsets grew significantly. The costs of telecommunications products sold was RMB29.74 billion in 2011, up by 178.3% compared with last year. Revenue from sales of telecommunications products in 2011 was RMB23.28 billion, up by 219.5% compared with last year. Loss on the sales of telecommunications products was RMB6.46 billion, of which, loss on the sales of 3G handsets (“3G handset subsidy cost”) was RMB5.79 billion. The costs of telecommunications products sold from the mobile business were RMB29.63 billion in 2011, up by 182.3% compared with last year and, as a percentage of revenue from the mobile business, changed from 11.7% to 23.4%. The costs of telecommunications products sold from the fixed-line business was RMB0.11 billion, down by 41.3% compared with last year and, as a percentage of revenue from the fixed-line business, changed from 0.2% to 0.1%.

8. *Finance costs, net of interest income*

In 2011, finance costs, net of interest income, was RMB1.24 billion, down by RMB0.36 billion compared with last year, primarily driven by the appreciation of RMB, which resulted in a gain from foreign currency exchanges of RMB1.21 billion, up by RMB0.82

billion compared with last year. In 2011, interest expenses increased by RMB0.42 billion when compared with last year, primarily due to the increases in both the financing costs in the financial market (our overall cost of capital increased from 3.1% in 2010 to 3.7% in 2011) and the Company's interest-bearing debt.

9. *Other income-net*

In 2011, other income-net was RMB1.45 billion, up by RMB0.23 billion compared with last year, of which, dividend received from investment in Telefónica S.A. and others was RMB0.87 billion, up by RMB0.39 billion compared with last year.

IV. EARNINGS

1. *Profit before income tax*

In 2011, the Company's profit before income tax was RMB5.58 billion, up by 27.1% compared with last year. This was primarily due to the rapid development of business volumes and revenue growth which resulted in an improved profitability.

2. *Income tax*

In 2011, the Company's income tax was RMB1.37 billion and the effective tax rate was 24.5%, up by 5.2 percent points compared with 19.3% of last year. The increase in effective tax rate was mainly due to factors including no utilisation of tax loss and the decrease of non-taxable deferred fixed-line upfront connection fees in 2011.

3. *Profit for the year*

In 2011, the Company's profit for the year was RMB4.21 billion, up by 20.0% compared with last year. Basic earnings per share was RMB0.179, up by 14.0% compared with last year.

V. EBITDA

The Company's EBITDA was RMB63.40 billion in 2011, up by 6.7% compared with last year. EBITDA margin (EBITDA as a percentage of the total revenue) was 30.3%.

VI. CAPITAL EXPENDITURE AND CASH FLOW

Capital expenditure of the Company totaled RMB76.66 billion in 2011, which mainly consisted of investments in the 3G and GSM business, broadband and data business, and infrastructure and transmission networks. In 2011, capital expenditure attributable to mobile business was RMB25.99 billion; capital expenditure attributable to broadband and data business was RMB25.71 billion; and capital expenditure attributable to infrastructure and transmission networks was RMB15.42 billion.

In 2011, the Company's net cash flow from operating activities were RMB66.49 billion. Free cash flow was RMB-10.17 billion after the deduction of the capital expenditure in 2011.

The table below sets forth the major items of the capital expenditure in 2011.

(RMB in billions)	<u>2011</u>	
	<u>Total amount</u>	<u>As percentage</u>
Total	76.66	100.0%
Include: Mobile business	25.99	33.9%
Broadband and data business	25.71	33.5%
Infrastructure and transmission networks	15.42	20.1%
Others	9.54	12.5%

VII. BALANCE SHEET

The Company's total assets increased from RMB441.27 billion as at 31 December 2010 to RMB456.23 billion as at 31 December 2011. Total liabilities increased from RMB235.61 billion as at 31 December 2010 to RMB250.34 billion as at 31 December 2011. The liabilities-to-assets ratio changed from 53.4% as at 31 December 2010 to 54.9% as at 31 December 2011. The debt-to-capitalisation ratio changed from 32.0% as at 31 December 2010 to 34.2% as at 31 December 2011. The net debt-to-capitalisation ratio was 29.4%.

As at 31 December 2011, the Company's net current liabilities (i.e. current assets minus current liabilities) changed from RMB155.91 billion as at 31 December 2010 to RMB175.12 billion. Taking into consideration of the Company's stable net cash inflow from its operating activities and good credit records, the Company believes that it should have sufficient funds to meet its needs for working capital.

Note 1: Except for basic earnings per share, all revenue and profit figures herein exclude deferred fixed-line upfront connection fee of RMB15 million for 2011 and RMB192 million for 2010.

Note 2: The Company completed the acquisition of the entire equity interest of China Unicom NewSpace Limited from China United Network Communications Group Company Limited on 1 December 2011, which was accounted for using merger accounting in accordance with Accounting Guideline 5 "Merger accounting for common control combinations" issued by the Hong Kong Institute of Certified Public Accountants in November 2005. Under IFRSs, the Company adopted the accounting policy to account for business combination of entities and businesses under common control using the predecessor values method, which is consistent with HKFRSs. The acquired assets and liabilities are stated at predecessor values, and were included in the consolidated financial statements from the beginning of the earliest period presented as if the entities and businesses acquired had always been part of the Group.

Note 3: EBITDA represents profit for the year before finance costs, interest income, other income-net, income tax, depreciation and amortisation. As the telecommunications business is a capital intensive industry, capital expenditures and finance costs may have a significant impact on the net profit of the companies with similar operating results. Therefore, the Company believes that EBITDA may be helpful in analysing the operating results of a telecommunications service operator like our Group.

Note 4: Local telephone business includes local voice service, long-distance service, fixed-line value-added service and interconnection services.

Note 5: Including interconnection charges, depreciation and amortisation, networks, operation and support expenses, employee benefit expenses, selling and marketing expenses, general, administrative and other expenses, costs of telecommunications products sold, finance costs, interest income and other income-net.

Note 6: Revenue from the mobile business and the fixed-line business represents revenue from external customers, excluding inter-segment revenue.

EMPLOYEE AND REMUNERATION POLICY

As at 31 December 2011, the Group had approximately 215,710 employees, 180 employees and 70 employees in Mainland China, Hong Kong and other countries, respectively. Furthermore, the Group had approximately 81,260 temporary staff in Mainland China. For the year ended 31 December 2011, employee benefit expenses were approximately RMB26.601 billion (for the year ended 31 December 2010: RMB23.348 billion). The Group endeavors to maintain its employees' remuneration in line with the market trend and to remain competitive. Employees' remuneration is determined in accordance with the Group's remuneration and bonus policies based on their performance. The Group also provides comprehensive benefit packages and career development opportunities for its employees, including retirement benefits, housing benefits and internal and external training programmes, tailored in accordance with individual needs.

CORPORATE GOVERNANCE

The Company is committed to maintaining high standards of corporate governance. The Company complied with the code provisions in the Code of Corporate Governance Practices (the "Code Provision") as set out in Appendix 14 to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "Listing Rules") for the year ended 31 December 2011, except for the following:

- (a) Under Code Provision A.2.1, the roles and responsibilities of the chairman and the chief executive should be separate and should not be performed by the same individual. The Board understands that the principle of Code Provision A.2.1 is to clearly separate the management of the Board from the daily management of the Company so as to ensure balance of power and authority.

Mr. Chang Xiaobing serves as Chairman and Chief Executive Officer of the Company. Mr. Lu Yimin serves as President of the Company. Mr. Chang Xiaobing is responsible for chairing the Board and for all material affairs, including development, business strategy, operation and management, of the Company. Mr. Lu Yimin is responsible for the daily operation and management of the Company.

The Board believes that at the present stage, Mr. Chang Xiaobing and Mr. Lu Yimin have achieved the aforesaid principle of separation of responsibilities. These arrangements also facilitate the formulation and implementation of the Company's strategies in a more effective manner so as to support the effective development of the Company's business.

- (b) Under Code Provision A.4.1, non-executive directors shall be appointed for a specific term, subject to re-election. The Company's non-executive directors are not appointed for a specific term but are subject to retirement by rotation at general meetings and re-election by shareholders pursuant to the Company's memorandum and articles of association.

AUDIT COMMITTEE

The audit committee, together with management, has reviewed the accounting principles and practices adopted by the Company as well as the internal control of the Company, and discussed financial reporting matters, including a review of the audited consolidated financial statements for the financial year ended 31 December 2011.

MODEL CODE FOR SECURITIES TRANSACTIONS BY DIRECTORS OF THE COMPANY

The Company has established the "Code for Dealing of Securities by Directors" in accordance with the "Model Code for Securities Transactions by Directors of Listed Issuers", as set out in Appendix 10 of the Listing Rules. The Company had made specific enquiries to Directors as to their respective compliance with the relevant code for securities transactions for the year ended 31 December 2011, and all of the Directors have confirmed such compliance.

CHARGE ON ASSETS

As at 31 December 2011, the Group did not pledge any property, plant and equipment to banks as loan security (31 December 2010: Nil).

REPURCHASE, SALE OR REDEMPTION OF LISTED SHARES OF THE COMPANY

For the year ended 31 December 2011, neither the Company nor any of its subsidiaries had repurchased, sold or redeemed any of the Company's listed shares.

AGREEMENT TO ENHANCE THE STRATEGIC ALLIANCE WITH TELEFÓNICA

On 23 January 2011, the Company and Telefónica entered into an Agreement to Enhance the Strategic Alliance (the "Agreement to Enhance the Strategic Alliance").

Pursuant to the Agreement to Enhance the Strategic Alliance, the Company acquired from Telefónica 21,827,499 ordinary shares of Euro1.00 each in the capital of Telefónica for an aggregate purchase price of Euro374,559,882.84 on 25 January 2011, and Telefónica, through its wholly-owned subsidiary, Telefónica Internacional S.A.U., acquired 282,063,000 ordinary shares of HK\$0.10 each in the capital of the Company for an aggregate consideration of approximately US\$500,000,000 in several transactions with third parties executed in the period between 25 January 2011 and 7 September 2011.

Under the Agreement to Enhance the Strategic Alliance, the Company and Telefónica further agreed to enhance their existing strategic alliance and to deepen their cooperation in procurement, mobile service platforms, service to multinational customers, wholesale carriers, roaming, technology/research and development, international business development, cooperation and the sharing of best practices. Furthermore, pursuant to the Agreement to Enhance the Strategic Alliance, Mr. Chang Xiaobing was appointed as a director to the board of directors of Telefónica in May 2011.

Please refer to the Company's announcement dated 23 January 2011 for details.

ANNUAL GENERAL MEETING

The annual general meeting of the Company will be held on 29 May 2012 (the "AGM"). Notice of the AGM will be published on the Company's website at www.chinaunicom.com.hk and the website of The Stock Exchange of Hong Kong Limited at www.hkexnews.hk and will be sent to shareholders in due course.

FINAL DIVIDEND

The Board of Directors proposed to pay a final dividend of RMB0.10 per share (the "2011 Final Dividend"), with an aggregate amount of approximately RMB2.356 billion, to the shareholders. If approved by shareholders at the AGM, the 2011 Final Dividend is expected to be paid in Hong Kong dollars on or about 14 June 2012 to those members registered in the Company's register of members as at 6 June 2012 ("Dividend Record Date").

CLOSURE OF REGISTER OF MEMBERS

The register of members of the Company will be closed during the following periods:

- (1) from 25 May 2012 to 29 May 2012, both days inclusive, for the purpose of ascertaining the shareholders' rights to attend and vote at the AGM. In order to qualify for attendance and voting at the AGM, all transfers, accompanied by the relevant certificates, must be lodged with the Company's Share Registrar, Hong Kong Registrars Limited, at Shops 1712- 1716, 17th Floor, Hopewell Centre, 183 Queen's Road East, Wan Chai, Hong Kong, by no later than 4:30 p.m. of 24 May 2012; and

WITHHOLDING AND PAYMENT OF ENTERPRISE INCOME TAX FOR NON-RESIDENT ENTERPRISES IN RESPECT OF 2011 FINAL DIVIDEND

Pursuant to (i) the “Notice Regarding Matters on Determination of Tax Residence Status of Chinese-controlled Offshore Incorporated Enterprises under Rules of Effective Management” (the “Notice”) issued by the State Administration of Taxation of the People’s Republic of China (the “SAT”); (ii) the “Enterprise Income Tax Law of the People’s Republic of China” (the “Enterprise Income Tax Law”) and the “Detailed Rules for the Implementation of the Enterprise Income Tax Law of the People’s Republic of China” (the “Implementation Rules”); and (iii) information obtained from the SAT, the Company is required to withhold and pay enterprise income tax when it pays the 2011 Final Dividend to its non-resident enterprise shareholders. The enterprise income tax is 10% on the amount of dividend paid to non-resident enterprise shareholders (the “Enterprise Income Tax”), and the withholding and payment obligation lies with the Company.

As a result of the foregoing, in respect of any shareholders whose names appear on the Company’s register of members on the Dividend Record Date and who are not individuals (including HKSCC Nominees Limited, other custodians, corporate nominees and trustees such as securities companies and banks, and other entities or organisations), the Company will distribute the 2011 Final Dividend payable to them after deducting the amount of Enterprise Income Tax payable on such dividend.

In respect of any shareholders whose names appear on the Company’s register of members on the Dividend Record Date and who are individual shareholders, there will be no deduction of Enterprise Income Tax from the dividend payable.

Shareholders who are not individual shareholders listed on the Company’s register of members and who (i) are resident enterprises of the People’s Republic of China (the “PRC”) (as defined in the Enterprise Income Tax Law), or (ii) are enterprises deemed to be resident enterprises of the PRC in accordance with the Notice, and who, in each case, do not desire to have the Company withhold Enterprise Income Tax from their 2011 Final Dividend, should lodge with the Company’s Share Registrar, Hong Kong Registrars Limited at Shops 1712-1716, 17th Floor, Hopewell Centre, 183 Queen’s Road East, Wan Chai, Hong Kong at or before 4:30 p.m. of 1 June 2012, and present the documents from such shareholder’s governing tax authority in the PRC confirming that the Company is not required to withhold and pay Enterprise Income Tax in respect of the dividend that such shareholder is entitled to.

If anyone would like to change the identity of the holders in the register of members, please enquire about the relevant procedures with the nominees or trustees. The Company will withhold for payment of the Enterprise Income Tax for its non-resident enterprise shareholders strictly in accordance with the relevant laws and requirements of the relevant government agencies and adhere strictly to the information set out in the Company’s register of members on the Dividend Record Date. The Company assumes no liability whatsoever in respect of and will not process any claims, arising from any delay in, or inaccurate determination of, the status of the shareholders, or any disputes over the mechanism of withholding.

PUBLICATION OF RESULTS ANNOUNCEMENT AND ANNUAL REPORT
